1	shopped once a week; cooked every day; didn't throw away food(once amonth); frustrated with figuring out what food to make/buy, kept track through mental note	website 1	1:03	✓	website 2	2:05	✓	website 1	:52	✓	website 2	2:17	✓	wanted side navigation(web1); liked navigation(web2); wanted better way to delete lists; preferred web2(after getting used to)
2	doesn't cook, grocery shop, or throw food away; keeps track by checking expiration date(not great)	web1	:27	✓	web2	confused/frustrated by adding items to list	✓	web1	:34	✓	web2	1:37	✓	liked how easy to use(web1); liked descriptions(web2); hard to use(web2); preferred prototype
3	shopped 4 times a week; cooked every day; never throw away; hated travelling to shop, experimenting; kept track by eyeball/remembering	web1	1:40	✓	web2	3:02	✓	web1	:36	✓	web2	1:45	✓	liked obvious add button(web1); hated task 1b(web1); liked UI design(web2); confusing(web2); preferred prototype
1	Cooks daily, keeps track through mental note, works ok		1:17	✓		1:07	✓		:31	✓		1:04	✓	Preffered the prototype, felt it was quicker
2	4x/wk, just looking at the pantry works pretty well		:38	✓		1:03	✓		:22	✓		1:34	✓	Prototype allowed them to complete tasks better,
3	cooks daily, keeps track by looking, works ok most of the time		:49	✓		1:00	✓		:40	✓		1:39	✓	Preffered prototype
